

THE HEIGHT OF GREAT TASTE

The all-new Sorento is an SUV that is designed for urban living. It is unsurpassed in terms of comfort, style and performance. It is a robust and masculine off-road vehicle, yet its luxury and sophistication make it ideal for cruising city streets.

The Sorento's innovative exterior styling has a European touch thanks to KIA's German chief designer - Peter Schreyer. The simplicity of clean lines blends the sturdy shape of a rugged SUV with the elegance of a crossover sedan.

DYNAMIC INTERIOR STYLING WHICH EMPHASIZES CONVENIENCE

The cockpit of the Sorento has beautifully defined lines and a cohesive suite of illuminated controls to make driving a pleasure. A gentle push of the START/STOP button will reveal the superior quality of the fittings. The attractive interior of the Sorento is also extremely practical. Even with all seven seats in use, you will find a host of creative storage ideas and thoughtful accessories for added convenience.

SAFETY AND PERFORMANCE ARE MAJOR PRIORITIES

The Sorento's monocoque design is very strong and it is reinforced by a rollover hoop and a safety chassis that features ultra-high tension steel plates to absorb energy while under impact. It is also equipped with active safety features like airbags, seatbelt pre-tensioners and Electronic Stability Control.

It also has a highly capable 4-wheel drive system that enables it to travel over challenging terrain.
