

# PREGIO

*A New Van Concept for Today And Tomorrow*

Designed for

# Safety & Performance

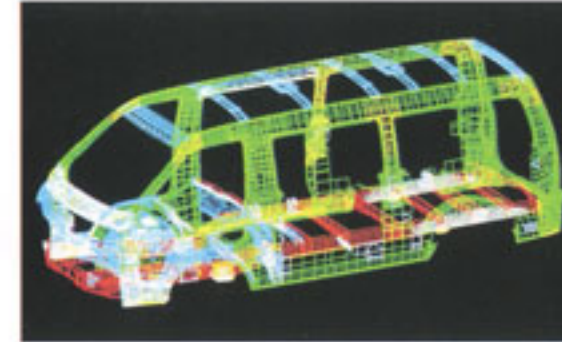

**P**regio is the culmination of Kia's many years of van-engineering expertise. From the high-output J2 engine and smooth-riding coil spring/gas strut suspension to the energy-absorbing monocoque body design, ventilated front disc brakes, tandem master cylinder, and limited-slip differential, Pregio represents a new van concept that's right for today, and tomorrow. Visit your Kia dealer for a look at the new Pregio, and see what your van future holds.

**Power**  
Pregio is powered by Kia's own 2.7-liter J2 diesel **GREEN** engine. Which is in compliance with Euro requirement. With 83 PS and 17.5kg.m of torque available, performance is exceptional.

**Suspension (Passenger van)**  
Pregio delivers a surprisingly car-like ride thanks to its gas strut-equipped double-wishbone front and five-link rear coil spring suspension.

**Suspension (Cargo van)**  
A two-stage multi-leaf rear suspension delivers a consistently smooth ride, regardless of whether your Pregio is empty or fully loaded.

**Battery Saver**

## ENGINEERING

Supercomputer-designed for rigidity and crash-protection, Pregio's single-piece monocoque body is a prime example of Kia's dedication to durability and safety.

## Features & Options

Power Steering

Room Lamp

Sunglasses Case

Glove Box

Cup Holders

Air Conditioning

Power Windows

Limited-slip Differential

Ventilated Disc Brakes

Designed for

# Comfort & Convenience

You and your Pregio will probably spend most of the time doing everyday ordinary tasks. And while you live for the ready-to-go-anywhere attitude of your business, it would be nice to have the comfortable ride and easy handling of a car. This brings us to the new Pregio, which confidently sets its own style in more ways than one. In fact, many of the details that make the Pregio look better than most commercial vans, also make it drive better.

**FOR BUSINESS** While Pregio makes a great family van, it's equally at home taking care of business. With our cargo van models, the roomy passenger cabin becomes a spacious cargo area that is easily accessible via the sliding side door and high-opening liftgate. Available in 3- and 6-passenger models, Pregio cargo vans are workhorses that will help keep your business running smoothly while providing many of the same comforts and conveniences of the passenger models.

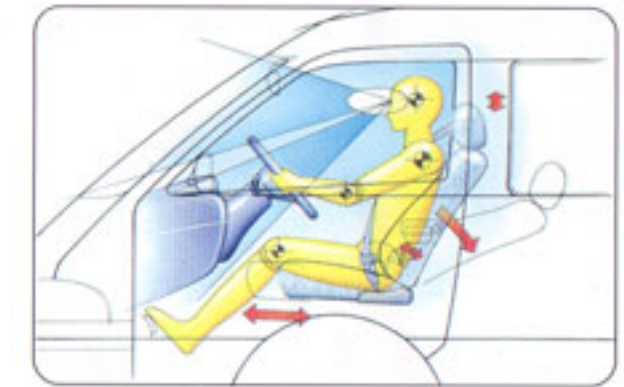

**Space**  
Pregio has the longest, widest, and tallest cargo area of any Kia van ever built.

**Adjustability**

Pregio's driver's seat features fore-aft and reclining adjustments for maximum driver comfort.

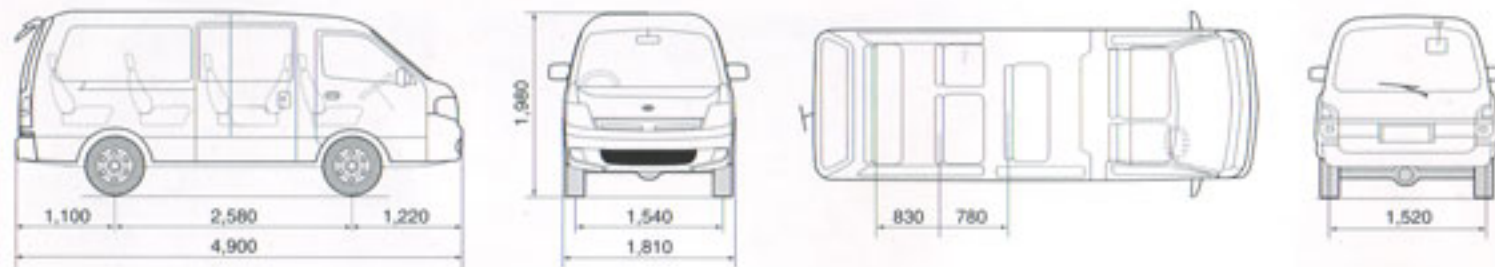

**Visibility**

The driver's seat provides a commanding view in all directions for safer driving.

## SPECIFICATIONS

Engine		J2 (Diesel)	
Type		Inline-4, SOHC	
Displacement	(cc)	2,665	
Max power	(PS / rpm)	80@4,000 *(77@4,000)
